### USES

This chair stairlift, which ensures maximum reliability and minimum noise, is designed to allow those with reduced mobility or in a wheelchair to get up and down straight stairs and steps effortlessly.

### BENEFITS

#### RELIABLE AND RESISTANT

MP's stairlifts can be installed on the inside and outside of buildings thanks to their technical features, which ensure maximum durability and exceptional performance even in poor weather conditions.

#### ACCESSIBILITY

These products are the ideal solution for ensuring accessibility in public buildings as well as council and privately owned houses and flats, allowing those in a wheelchair to get up and down stairs and steps effortlessly.

#### SAFE AND EASY TO USE

MP's stairlifts ensure minimum noise.
